Radiation Protection - Specialized Lead Products

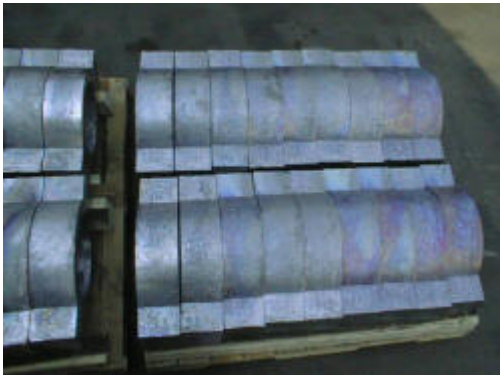

What we can do:

- 1 1/2" & 2" & 3" Thick Lead Bricks
- Low Melting Point Alloys, Sheet Lead
- Custom, Precision Lead Rings, Blocks, Vaults, & Vessels
- Lead & Lead-Lined Cabinets; Lead-Lined Waste Containers
- Standard and Custom Specialized Lead Products is our business.
- We also offer Lead Recycling Services

The benefits:

- Experience and expertise in this industry, including complete machine shop facilities, allows us to serve your needs effectively and efficiently.
- As a custom facility, we will be happy to quote on any of your custom requirements.
- Occasionally we have some used radiation protection containers in-stock, please check with us to see if we have one on-hand. If we don't have the shape, size or specs that you need in-stock, we would be happy to make one to your specifications.
