## Lead Bricks and Lead Blocks

- For use in Nuclear and Medical Radiation Shielding
- Also useful for counterweights
- Alchemy's brick products are available in **Flat, Tongue and Groove, or V Type Interlocking.**
- The interlocking type provides better elimination of radiation leakage and creates sturdier walls with less chance of toppling. Interlocking types are easier to erect, modify and relocate walls and cells of any size.
- We always build your custom walls on our premises to insure proper fit on your site, all holes or notches that you require are pre done for your assembly.
- Please specify whether you want Pure Lead or Hi-Hard Bricks.

## Flat Bricks or Blocks

Size (in)	Size (mm)	Lbs	Kgs	Pure Lead P/N#	Hi-Hard Lead
2" x 3" x 6"	50.8 x 76.2 x 152.4	14.73	6.68	BR99100	BR99106
